

## JESSICA OLIVEIRA

Jessica Oliveira is an art educator for all ages. At GAI she works with grades K-5, and outside of GAI she teaches as young as 1.5 years old, to senior citizens. She believes that art is for everyone! Jessica earned her BFA Fine Arts degree from the School of Visual Arts. She is currently enrolled in Lehman College, pursuing her MA Art Education degree.

Jessica believes in a holistic teaching approach, which she feels is especially significant when teaching art. There is not one way to understand, create, or appreciate art. Jessica aims to provide students with formal knowledge of art, while also allowing for meaningful experimentation and personalization.

When Jessica is not teaching, she is making her own art at times alone, and otherwise with her favorite student, her grandmother.
