

## MELINDA QEVANI

Melinda Qevani is the UPK Director at the Greek American Institute, currently in her second year with the program. She holds a Master's degree in Early Childhood Education and is a certified educator with a strong commitment to fostering inclusive, developmentally appropriate learning environments. Melinda brings a passion for early learning and family engagement, and she is fluent in Albanian, which supports her work with multilingual students and families in the school community.

As an early childhood educator, she believes that every child is capable, curious, and full of potential. Her teaching philosophy centers on creating a nurturing, inclusive, and developmentally appropriate environment where children feel safe to explore, express themselves, and grow socially, and emotionally.

Outside of teaching, Melinda enjoys cooking, reading, and spending time with her two children, embracing every opportunity to nurture creativity and connection both at home and in the classroom.
